Docket No. 98N-1265 2854 '99 MAR 18 AIO:33

Food and Drug Administration

Rockville, MD. 20857

**I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.**

COMMENTS: Adopting this MOU would be outrageous!  
my compounded medication for HRT has enabled me  
to function normally again by relieving symptoms  
that include depression, anxiety & sleeplessness.  
My experience with mass produced commercially  
manufactured hormones has been unacceptable.  
I do not want my quality of life to be restricted by  
not being able to obtain the medication that my doctor  
has prescribed & that works for me.

Please fold, seal, and mail by March 22
